

Surface Mining Reclamation and Enforcement, Interior

§ 778.1

methodology used to collect and analyze the data.

(b) Technical analyses shall be planned by or under the direction of a professional qualified in the subject to be analyzed.

§ 777.14 Maps and plans: General requirements.

(a) Maps submitted with applications shall be presented in a consolidated format, to the extent possible, and shall include all the types of information that are set forth on topographic maps of the U.S. Geological Survey of the 1:24,000 scale series. Maps of the permit area shall be at a scale of 1:6,000 or larger. Maps of the adjacent area shall clearly show the lands and waters within those areas and be in a scale determined by the regulatory authority, but in no event smaller than 1:24,000.

(b) All maps and plans submitted with the application shall distinguish among each of the phases during which surface coal mining operations were or will be conducted at any place within the life of operations. At a minimum, distinctions shall be clearly shown among those portions of the life of operations in which surface coal mining operations occurred—

(1) Prior to August 3, 1977;

(2) After August 3, 1977, and prior to either—

(i) May 3, 1978; or

(ii) In the case of an applicant or operator which obtained a small operator's exemption in accordance with § 710.12 of this chapter, January 1, 1979;

(3) After May 3, 1978 (or January 1, 1979, for persons who received a small operator's exemption) and prior to the approval of the applicable regulatory program;

(4) After the estimated date of issuance of a permit by the regulatory authority under the approved regulatory program.

§ 777.15 Completeness.

An application for a permit to conduct surface coal mining and reclamation operations shall be complete and shall include at a minimum—

(a) For surface mining activities, the information required under parts 778, 779, and 780 of this chapter, and, as ap-

plicable to the operation, part 785 of this chapter; and

(b) For underground mining activities, the information required under parts 778, 783, and 784 of this chapter, and, as applicable to the operation, part 785 of this chapter.

§ 777.17 Permit fees.

An application for a surface coal mining and reclamation permit shall be accompanied by a fee determined by the regulatory authority. The fee may be less than, but shall not exceed, the actual or anticipated cost of reviewing, administering, and enforcing the permit. The regulatory authority may develop procedures to allow the fee to be paid over the term of the permit.

§ 778.1 Scope and purpose.

This part establishes the minimum requirements for the permit applications for surface coal mining and reclamation operations under a State or Federal program. This part covers minimum legal, financial, and compliance requirements and general information that must be contained in permit applications. This part applies to any person

§ 778.8

who submits an application to a regulatory authority for a permit to conduct surface coal mining and reclamation operations.

§ 778.8 Information collection.

The collections of information contained in part 778 have been approved by the Office of Management and Budget under 44 U.S.C. 3501 *et seq.* and assigned clearance number 1029-0117. The information collected will be used by the regulatory authority to ensure that all legal, financial, and compliance information requirements are satisfied before issuance of a permit. Persons intending to conduct surface coal mining operations must respond to obtain a benefit. A Federal agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Re-

§ 778.9 Certifying and updating existing permit application information.

In this section, “you” means the applicant and “we” or “us” means the regulatory authority.

(a) If you have previously applied for a permit and the required information is already in AVS, then you may update the information as shown in the following table.

If . . .	then you . . .
(1) All or part of the information already in AVS is accurate and complete.	may certify to us by swearing or affirming, under oath and in writing, that the relevant information in AVS is accurate, complete, and up to date.
(2) Part of the information in AVS is missing or incorrect	must submit to us the necessary information or corrections and swear or affirm, under oath and in writing, that the information you submit is accurate and complete.
(3) You can neither certify that the data in AVS is accurate and complete nor make needed corrections.	must include in your permit application the information required under this part.

(b) You must swear or affirm, under oath and in writing, that all information you provide in an application is accurate and complete.

(c) We may establish a central file to house your identity information, rather than place duplicate information in each of your permit application files. We will make the information available to the public upon request.

(d) After we approve an application, but before we issue a permit, you must update, correct, or indicate that no change has occurred in the information previously submitted under this section and §§ 778.11 through 778.14 of this part.

[65 FR 79668, Dec. 19, 2000]
